		Crew cabins:	4

Description

Acclaimed by experts and owners alike, the Custom Line Navetta 33 embodies the principles of the impressive Navetta series like no other, combining innovative design, dignified luxury and the highest levels of comfort and safety.

Aboard, four spacious decks await the owner and his guests with unparalleled comfort. The unusually large volume of the Custom Line Navetta 33 makes her unique in her class.

The 5 spacious cabins of this motor yacht can accommodate up to 12 guests. The large garage offers plenty of room for tenders, jet skis and other water toys. The hydraulic swimming platform makes it easy to convert into a fantastic beach club.

Custom Line's advanced technology ensures comfort and stability, whatever the conditions.

Thanks to the VOTIS software that controls infotainment systems, life on board is easier. With the integrated helm, all systems can be monitored at a glance-for the highest level of safety.

The zero-speed fin stabilisers with standstill function and the two Seakeeper stabilisers ensure that everyone can enjoy the view and the experience on board undisturbed, both while cruising and at rest.
