DESCRIPTION

We are pleased to present the Custom Line Navetta 33 4LEON, now available on the market for the first time. The yacht has been privately used only, never chartered, and is in excellent condition due to continuous maintenance.

Across four decks, 4LEON provides extensive interior and exterior space. She offers two salons and five en-suite cabins for up to 10 guests. The interior layout ensures clear separation between guest and crew areas for smooth onboard operations.

The exterior includes a covered aft dining area, bow seating and sunbathing sections, a fold-out beach club, and a Jacuzzi on the sundeck. A standout feature is the custom-built second helm station on the sundeck, unique to this yacht. Further equipment includes a 500 kg crane in the bow garage and upgraded Miele appliances.

Fin stabilizers underway and gyro stabilizers at anchor provide a high level of comfort in varying conditions.

4LEON is located in Athens, Greece and available for viewings by appointment.
